Senior People In Government Corruption
And False Flag Terrorism

Greetings Australians

And friends from around the World, some of this information I will be writing about in my "Special Terrorism Report" Part 4.

But for this article and letter its worth taking a look at one of Australia's politicians Tony Abbott Opposition Leader in the Federal Parliament, he was Federal Health Minister in the (Howard – Costello Government) for 10 years.

He is now Federal Opposition Leader, he is married and has 3-4 daughters in their 20's from public knowledge it would seem Tony Abbott's lies, deception, inaction, and sheer incompetence may cost his Wife and Daughters their lives or at the very worst case they may get very sick.

And if that happens I won't be shedding any tears for him or his love ones, they have only one person to blame Tony Abbott, his political party for getting in bed with Big Pharma – The Drug Companies and selling his own family down the drain.

Along with all their families both sides of Federal politics' in Australia.

Again I remind people Tony Abbott was Federal Health Minister for 10 years, he is also Federal Opposition Leader, all what your about to read now about Biological Terrorism happening.

Biological Terrorism happening in Australia and around the World
Tony Abbott is in a position now and was in a position to stop it in Australia, but he shut up and said nothing, putting his wife and daughters lives on the line all for Power.

Evidence 1)

Question Isn't this Biological Terrorism feeding people useless vaccines, drugs full of poisons and toxins, which will make people sick and kill them?

The CDC Has Known All Along How Dangerous Vaccines Are - And Has Covered It Up... (Part One) I've been working on this story for months. There are so many parts and paths to it, and the information I have gathered is so shocking, it is simply difficult to write. Maybe it is taking so long because I don't want to be the messenger. And, I am going to have to break this story up into several parts.

What type of gutless – little weazle of a man would shut up and say nothing while he wife and daughters are feed vaccines which will make them sick and maybe kill them?

What type of man would do that?

It gets better folks – not only has Tony Abbott shut up and said nothing about his wife and daughters being feed HPV vaccines

His four daughters were babies 20 years ago or so read about vaccines feed to babies now, over the years and includes which were feed to his daughters over the years.

And remember Tony Abbott was Federal Health Minister for 10 years and now Opposition Leader anytime over the last 12 years he could of said something in Parliament but shut up while Big Pharma – The Drug Companies paid hush – bribe money into his political party to help win elections.

Swine Flu - Profits From Pandemics

http://southeastasianews.org/swineflu_pandemic_profits.html

It would seem on prima face evidence people in Western Countries have grounds to march on all our Parliaments, pull these treacherous, treasonous sell out politicians outside, throw ropes up over a few trees and hang the lot of them.

These traitorous politicians, political parties and Governments have been in bed with Drug Companies infecting our love ones, Wives, daughters, sons, mothers, fathers, aunties, uncles and friends all while the Drug Companies have been reaping profits.

Fascism

These Drug Companies are so twisted and inner twined within political parties, Governments, Health Depts, Doctors Groups and the like it turns my stomach.

The whole system needs to be dismantled and started again, with New Research, Investigations by Governments and this time make sure the people sitting on these Boards and Committees who pass Laws allowing the taking of vaccines are truly Independent and if Drug Companies try to buy people off to get their poisons listed on the Market for Sale.

Then Board Members, CEO, Sales Managers, and Scientist pushing these evil poisons and toxins should be prosecuted and jailed.

******* The End *******
